

10th Annual Lean Healthcare Transformation Summit

June 13 - 14, 2019

Pre-Summit Workshops June 11 - 12, 2019

Continuing Education Information

Who Should Attend

All clinical and professional staff, including physicians, nurses, administrators, senior leaders, managers, and any team or individual with an interest in organizational change.

Purpose / Learning Outcome

For participants to improve health care value by delivering better outcomes in less time and at lower cost, using data effectively, eliminating healthcare waste and implementing organizational change.

Overall Objectives

At the end of this educational program, participants should be able to:

- Explore how innovative experiments are increasing healthcare value by transforming care delivery and payment systems
- Examine how healthcare industry stakeholders are driving a healthcare value focus by demanding transparency of cost and quality data
- Employ practical strategies for lean transformation as illustrated by pioneers in the Catalysis Healthcare Value Network
- Discuss new paradigms for healthcare delivery, payment and transparency
- Expand support for lean transformation through facilitated networking
