Creating a Lean Management System Overview

Live, Virtual Format

Continuing Education Information

Physicians

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Wisconsin Medical Society through the joint providership of MetaStar, Inc. and Catalysis. MetaStar, Inc. is accredited by the Wisconsin Medical Society to provide continuing medical education for physicians.

MetaStar, Inc. designates this live activity for a maximum of 5.75 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses

MetaStar, Inc. is an approved provider through the California Board of Registered Nursing, Provider #CEP 17010.

MetaStar, Inc. is an approved provider with distinction of nursing continuing professional development by the Wisconsin Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

5.75 contact hours will be awarded for successful completion.

MetaStar, Inc. is the approved provider jointly providing CNE for this learning activity.

Health Care Executives (ACHE Members)

By attending "Creating a Lean Management System Overview" offered by MetaStar in collaboration with Catalysis, participants may earn up to 5.75 ACHE Qualified Education Hours toward initial certification or recertification of the Fellow of the American College of Healthcare Executives (FACHE) designation.

Certificate of Completion

Available to all participants

Who Should Attend

This session is designed for clinical and nonclinical leaders across the healthcare industry.

Learning Outcome

Participants will be able to explain one organization's journey to develop a lean management system and describe an in-depth framework for each system element. Outcomes will be measured by a brief follow up survey to participants.

Overall Objectives

Following the completion of this learning session, participants will be able to:

- Examine the importance of the role the management system plays in achieving sustainable results and accountability.
- Link organizational principles and behaviors to the foundational elements of a Lean Management System.
- Identify how a Lean Management System can be operationalized in healthcare settings.
