Kata: A Pattern for Continuous Improvement and Coaching in Healthcare

Continuing Education Information

Physicians

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Wisconsin Medical Society through the joint providership of MetaStar, Inc. and Catalysis. MetaStar, Inc. is accredited by the Wisconsin Medical Society to provide continuing medical education for physicians.

MetaStar, Inc. designates this live activity for a maximum of 6.50 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses

MetaStar, Inc. is an approved provider of continuing nursing education by the Wisconsin Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

6.50 contact hours will be awarded for successful completion.

MetaStar, Inc. is the approved provider jointly-providing CNE for this educational activity.

Health Care Executives (ACHE Members)

MetaStar is authorized to award 6.50 hours of pre-approved ACHE Qualified Education credit for this program toward advancement, or recertification, in the American College of Healthcare Executives. Participants in this program who wish to have the continuing education hours applied toward ACHE Qualified Education credit must self-report their participation. To self-report, log into your MyACHE account and select ACHE Qualified Education Credit.

Certificate of Completion

Available to all participants

Who Should Attend

This session is designed for clinical and nonclinical leaders across the healthcare industry.

Learning Outcome

Participants will be able to identify patterns (Kata), explain how these patterns link to scientific thinking and practice (A3), and use basic routines for doing both rapid cycle experimentation and the critical coaching routine. Outcomes will be measured by a brief follow up survey to participants

Overall Objectives

Following the completion of this learning session, participants will be able to:

- Review the A3 scientific thinking pattern.
- Describe and demonstrate a pattern for rapid cycle experimentation.
- Learn and practice a pattern for coaching to rapid cycles of experimentation.
- Employ and articulate the importance of setting short-term target conditions in alignment with a larger challenge.
- Create a plan of how to integrate these patterns into your improvement journey.

Presenters

Bill Boyd; Jill Menzel; Mike Radtke; Theresa Moore
