Continuing Education Information

Participants will be awarded a certificate of educational credit commensurate with the requirements of their profession. It is the responsibility of each participant to ensure the educational credits awarded are accepted by the licensing or certifying entity in their state or country of practice.

Physicians

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Wisconsin Medical Society through the joint providership of MetaStar, Inc. and Catalysis. MetaStar, Inc. is accredited by the Wisconsin Medical Society to provide continuing medical education for physicians.

MetaStar, Inc. designates this live activity for a maximum of 4.75 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses

MetaStar, Inc. is an approved provider through the California Board of Registered Nursing, Provider #CEP 17010.

MetaStar, Inc. is an approved provider with distinction of nursing continuing professional development by the Wisconsin Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

4.75 contact hours will be awarded for successful completion.

MetaStar, Inc. is the approved provider jointly providing CNE for this learning activity.

Health Care Executives (ACHE Members)

By attending "Principles and Behaviors of Operational Excellence" offered by MetaStar in collaboration with Catalysis, participants may earn up to 4.75 ACHE Qualified Education Hours toward initial certification or recertification of the Fellow of the American College of Healthcare Executives (FACHE) designation.

Certificate of Completion

Available to all participants

Who Should Attend

This session series is designed for clinical and nonclinical leaders across the healthcare industry.

Learning Outcome

Participants will be able to describe the benefits of principle-driven behaviors and create Key Behavior Indicators to integrate tools, systems, and principles needed within organizational systems. Outcomes will be measured by a brief follow up survey to participants.

Overall Objectives

Following the completion of this learning session series, participants will be able to:

- Describe the difference between principle-based and tool-based organizational evolution.
- Define the principles of organizational excellence.
- Discuss the models for acceleration and sustainability of organizational evolution.
- Apply the principles to your leadership behaviors.
- Experiment with a methodology for building principle-based systems.

Presenters

Karen Flom and Chris Weisbrod
