### Learn from and with organizations doing innovative work:

**Learning Sessions** - Interactive, experiential learning sessions on topics such as population health, clinical pathways, nursing flow, and patient safety from trailblazing organizations like Cleveland Clinic; Seattle Children’s Hospital; Peace Health; Mount Sinai St. Luke’s; Cincinnati Children’s Hospital; Nemours; Community Health Network; Centers for Medicare & Medicaid Services (CMS); UC Berkeley; and more!

**Physician Panel** - participate in a dialogue with physician leaders

**Optional Pre-Summit Workshops** - make the most of your time at the Summit by adding on a pre-Summit workshop, designed to help leaders develop and grow. Experienced faculty deliver proven methodologies that can be practiced in all areas of healthcare organizations. Sessions are highly interactive and actionable, and cover topics for leaders with all levels of experience.
